

Concrete Hopper

Concrete Hopper - This accessory is a self-dumping hopper which automatically sets off to dump as soon as bumper release touches the side of a dumpster. After unloading is completed, the hopper returns to a locked and upright position. This piece of machinery is even existing along with a cable that allows operation from the seat of the forklift so as to have the alternative of manually unloading the hopper. There is a locking chain provided so as to secure the hopper to the fork truck. This product is made with consistent and reliable robotic welds for maximum strength. The forklift dumping hopper also has a blue powder coat finish so as to maintain durability.
