Advance-Nilfisk Parts - Imagine how long and tedious it will be to tidy up after a party, with no help from equipment. Not too long ago, the dirt from upholstery and carpets had to be beat out of them by hand; brushes, cleaning cloths and brooms were the best cleaning products at the time.

The founder of Nilfisk-Advance, P.A. Fisker, started out as an electrical engineer who really liked to work on electrical motors. After starting his company in 1906, he began to produce motors to drive fans, machine tools, drills and coffee grinders. Mr. Fisker's dream from the start was to have an international company marketing goods internationally.

The Nilfisk C1 was a revolutionary breakthrough in the cleaning business. Mr. Fisker invented a incredible, ground breaking vacuum cleaner which could be operated by a single individual in view of the fact that it just weighed 17.5 kilos! This invention came in a time where other cleaning equipment were very big and required 4 or more operators, thus, the Nilfisk C1 changed everything and evolved the method we clean forever. The brain behind these first cleaning machines remains unparalleled. Cleaning equipment provide an excellent solution to an existing crisis; things get filthy and should be cleaned on a regular basis, without too much effort.

Gradually but progressively, Nilfisk-Advance grew through the decades. During the 1980s, this development really took place the time the company became a part of the NKT Group. Their new owners' ambition and concentration made Nilfisk-Advance take a huge leap forward within the industry, aspiring to be amongst the leading global players in the market of professional cleaning equipment. Nilfisk-Advance is presently found in every part of the globe by gradually acquiring lots of small businesses in order to develop their product range and presence in new markets. They are proud to present a variety of cleaning solutions to meet each and every need.
